

What kind is the best?

The best kind of mask would be the cloth mask because a majority of them are made with two layers of cloth.

A photograph showing a large pile of blue surgical masks. The masks are folded and stacked, with some showing the pleated filter area and the elastic ear loops. The text "Surgical Masks" is overlaid in a white box with a black border.

Surgical Masks

A photograph showing a variety of homemade cloth masks. The masks are made from different fabrics and patterns, including solid colors like purple, yellow, and red, as well as patterned fabrics like plaid and polka dots. They are arranged in a fan-like shape, with some showing the elastic ear loops. The text "Homemade cloth masks" is overlaid in a white box with a black border.
